INNOVATION WORKSHOP

2-1/2 day course consists of both classroom and hands-on instruction

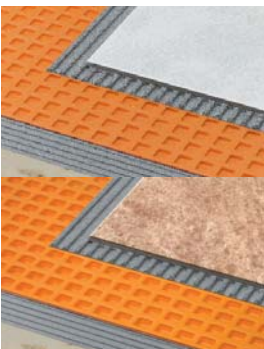

TOPICS COVERED INCLUDE:

Shower System

Waterproofing is the foundation of a successful tiled bathroom. Moisture-sensitive construction materials must be protected from water and vapor penetration to prevent damage, and the growth of mold. Learn about the Schluter®-Shower System – an integrated family of products that create fully waterproof and vaportight enclosures for tiled showers, steam showers, and bathtub surrounds.

DITRA & DITRA-XL

Learn how a multi-functional underlayment produces tiled floors that will last a lifetime. Specifically designed for ceramic and stone tile, Schluter®-DITRA and DITRA-XL provide uncoupling, waterproofing, vapor management and load support – the 4 essential functions for a successful installation.

KERDI-BOARD

Whether you work with mosaics or large-format tiles, an absolutely flat substrate with straight and precisely aligned inside and outside corners is essential for creating a perfect tile covering - which tile installers can now achieve on their own, using Schluter®-KERDI-BOARD. KERDI-BOARD is waterproof and dimensionally stable, as well as lightweight and easy to work with. Substrate, building panel, bonded waterproofing... discover the possibilities!

Profiles

Discover how profiles both protect and beautify tile installations. Protect tile edges and create smooth transitions on tiled floors; finish and protect tile edges on walls; see how profiles allow you create beautiful, functional tiled countertops – without the need for ceramic trim pieces; create safe and durable tiled stairs; and learn about proper use of movement joints.

INNOVATION WORKSHOP

EAST COAST

HOTEL

Hilton Garden Inn

115 Destination Blvd.
Anderson, SC 29625
1-864-964-0100

PROFILE OF INNOVATION

SPECIAL OFFER: FROM SCHLUTER SYSTEMS AND CTEF

Come a day early to take the hands-on portion of your Certified Tile Installer exam the day before the Innovation Workshop, and we'll put you up in a hotel for free!

Schluter Systems supports the Ceramic Tile Education Foundation and their efforts in the Certified Tile Installer program. As such, we offer you the opportunity to take the tile installation portion of the test for your CTI certificate if you are planning on attending our Innovation Workshop in Anderson, South Carolina. We offer to you accommodations for the night prior to the test date which precedes the Innovation Workshop. As always, Schluter Systems offers free accommodations during your attendance of our event.

Please visit the CTEF website for further information on the Certified Tile Installer program and how to register for their certification test.

INSTALLER REGISTRATION FEE: \$295 each

NTCA MEMBERS: \$195 each
