AIA/CES Registered Provider Program Summary Handout

Provider:	Schluter Systems L.P.	Program #:	SCHL5A
Program:	Maximizing Tile Installation with Trim Profiles		
Length:	60 minutes	HSW:	Yes
Credits:	1 L.U.		
Description:	Manufacturers produce a variety of beautiful and durable tiles, but the availability of coordinating trim pieces can be limited. This has led to the development of a wide range of trim profiles. This seminar will focus on how trim profiles improve the integrity of tile installations and increase the versatility of tile in various applications, including floors, walls, countertops, and more.		
Learning Objectives:	At the end of this presentation, the participant will be able to: <ol style="list-style-type: none">1. Identify tile trim profiles and understand their basic design and function.2. Understand how to incorporate trim profiles into specific ceramic tile and dimension stone tile applications, including floors, walls, countertops, and more.		
Approach:	A PowerPoint presentation that incorporates numerous photos of trim profiles, including installation and finish shots will be used. There will be a question and answer period at the end of the program; however, questions are encouraged throughout as well.		
A/V needed:	Electrical power and a screen for the PowerPoint presentation. (The CES facilitator will supply the laptop and projector)		
Target Audience:	Architects, specifiers, owners, and other design professionals in the residential and industrial/commercial markets. Ideal audience size: 10 to 20 people.		
Facilitator Qualifications:	All of Schluter®-Systems' facilitators have been with the company a minimum of 3 years, and average 10 years in the tile industry. The CES facilitators receive in-house training on CES guidelines and presentation skills.		
Cost:	Non-applicable. There is no fee for bringing this program into a firm or chapter meeting.		
Contact:	Earl Maicus at emaicus@schluter.com or 1-800-472-4588 (ext.111) Schluter Systems L.P. 194 Pleasant Ridge Road Plattsburgh, NY 12901-5841
