

PROFILE OF INNOVATION

# INNOVATION WORKSHOP

## TTMAC WEST

3650 Bonneville Place, Unit 108, Burnaby, BC V3N 4T7

### JOIN US!

Join Schluter®-Systems' technical experts for a course outlining the latest innovative solutions for ceramic and stone tile installations. Since the early 1970's, Schluter®-Systems has consistently met the needs of a rapidly evolving industry by developing practical solutions for tile installation challenges. Our areas of expertise include transition and edge-protection profiles, pre-fabricated corner and movement joints, waterproofing, uncoupling, and drainage membranes, floor drain systems, modular screed systems, and assemblies for balconies and terraces.

Courses consist of both classroom and hands-on instruction. Learn state-of-the-art installation techniques and the theories behind their innovation, and share your experiences with colleagues in an informative, energetic atmosphere.

If you are interested in attending a Schluter®-Systems Innovation Workshop, contact your Territory Manager. Space is limited, **so reserve now!**
